

4x1 Shaftless Web Offset Press, COLOR TOP® 5000UDI Double-Width Single-Circumference Press

Minimum Cost and Maximum Productivity

How do we minimize cost? How do we enhance productivity? Here is the “4x1” press COLOR TOP® 5000UDI, TKS®’s answer to the problems you often encounter at the workshop. Compared with the conventional 4x2, it reduces the plate cost and also minimizes the running cost, using a general-purpose blanket. Offering the capability of efficiently meeting small-lot to large volume production needs with energy savings benefits, the COLOR TOP® 5000UDI is exactly what today’s printing industry has long wished to have.

Features of the 4 × 1 Press

- Reduction in make ready time for printing.
- Reduction in plate consumption.
- Reduction in materials cost for plate making.
- Reduction in consumption of electricity.
- More economical for implementing CTP.
